SHOW-ME ECHO 101

WHAT IS PROJECT ECHO?

ECHO creates ongoing learning communities where primary care clinicians receive support and develop the skills they need to treat a specific condition. Specialists serve as mentors and colleagues, sharing their medical knowledge and expertise with primary care clinicians.

As a result, they can provide comprehensive, best-practice care to patients with complex health conditions, right where they live.

Our Show-Me ECHO Clinics: Autism, Chronic Pain, Dermatology, Endocrinology, Hepatitis C, and Childhood Asthma.

To learn more about Show-Me ECHO and how to participate or view our clinics. Please join our webinars for more details and Q&A.

To register for these webinars. Please email Wendy Hough at houghw@health.missouri.edu or call our office at 573-884-7958.

Webinar dates & times:
- Friday April 15th
- Monday May 9th
- Wednesday June 22nd
- Thursday July 21st

Time for all dates: 12:00-1:00pm
